PROJECT OBJECTIVE

⇒ This system helps the user to get the different kind of insurance.

PROJECT CATEGORY

⇒ Website or web Application

INTRODUCTION

Online insurance management system is a web application which is developed for tracking the details of the insurance policy, customer details and company details. The website is an online insurance analysis and information regarding the people and resources of insurance.

This project is mainly towards persons who are willing to buy insurance for their vehicles. Through this website it will be easier to find a suitable The main intend of building this website is to provide users to choose their budget and best package for their vehicle.

We have tried to maintain all the information of the insurance plan which is easily understandable to the users which makes it easy to find the plan.

Online Vehicle Insurance website is to provide services for the people who are in need of insurance by getting help from the agents. There are seven main modules in this system.

MODULE DESCRIPTION

Main Webpage will have the following modules.

- Own Damage Cover

In this module user will get the insurance for the Own Damage(OD) caused by him/her.

- Personal Damage Cover

In this module insurance related to accidental death will be covered.

- Road Side Assistance

Get the best roadside assistance i.e. car towing

⇒ Products

- Third Party Cover

- Death or injury of any third party arising from use of the car.
- Property damage of any third party arising from use of the car.
- Apart from covering third-party losses and damages to the car, we also provide death and disability cover for the car owner.

• Zero Depreciation

- It does not cover normal wear and tear or even mechanical breakdown of your car.
- Depreciation reimbursement cover can only be used for the first two claims in the policy period, so be prudent with your claims.
- It covers all expenses incurred due to damage to car paint, rubber and plastic parts, batteries, tyres and so on.

• Damage Insurance

- Controls the damage of the vehicle by accident and collision of another vehicle
- Will compensate for you in case your car or bike is unfortunately stolen.
- No one can stop nature's many furies but in case your car or bike is damaged due to it, we will be your one-stop for damage control.

• Car Insurance

- Loss or damage to your vehicle against natural calamities
- Fire, explosion, selfignition or lightning, earthquake, flood, typhoon, hurricane, storm, tempest, inundation, cyclone, hailstorm, frost, landslide, rockslide.
- Coverage of 15 lakhs for the individual driver of the vehicle while travelling, mounting or dismounting from the car. Optional personal accident covers for co-passengers are also available.

BY CLICKING ON INSURANCE DETAILS ON THE TOP OF THE HOME PAGE USER WILL BE REDIRECTED TO “blog-details.html”.

Under that tab there are few Add-Ons in the plans

Add-ons to extend your OD Insurance coverage

- ✔ Third-Party Liabilities- This is a standalone Own Damage Insurance policy. Therefore, your third-party liabilities won't be included in this. Your third-party vehicle insurance will instead take care of the same.
- ✔ Driving Drunk- This goes against the law, therefore claims won't be covered if you were driving under the influence of alcohol.
- ✔ Driving without a Licence- As a standard rule, no insurance can accept claims if the said person is driving illegally. Therefore, claims can only be made if you were rightly driving with a valid driver's licence.

And then Finally “A message from CEO”

 **Piyush Dhaked**

"Our company's belief is based on the following moto:- Listening, Professionalism, Understanding.. We help You step by step to buying the coverage, the best solution you choose."
